PROJECTS

Personal Website - Winter 2016

- Designed personal website wireframe in Adobe Illustrator.
- Implemented wireframe using standard web technologies and Bootstrap 3.
- Took pictures of various projects and used Photoshop to edit each one, removing spatial distortions, before putting it on the website.

Dancing Toast - Introduction to Computer Animation - Winter 2016

- Designed a slice of buttered toast character with modular components (eyes, mouth, arms, legs) in Adobe Illustrator.
- Used Adobe After Effects to connect the various modules and to animate it in 24 fps.
- Used Adobe Photoshop's image sequences to make a short gif of the character dancing.

Philtrum - Foundations Studio: Drawing - Fall 2015

- Created a 60" x 100" oil drawing that shows negative space.
- Drew the philtrum, the indent between the nose and the lip, in a manner that makes it appear as an important symbol

Tessellation - Foundations Studio: Design - Fall 2015

- Created a 14" x 14" pattern by hand using gouache.
- Used Adobe Illustrator to convert the hand drawn pattern to a digital pattern.
- Experimented with how colors direct attention.
- Experimented with the differences between digital and handmade designs.

The Stool that Rocks - Foundations Studio: Drawing - Fall 2015

- Designed and built a stool that rocks along two axes.
- Learned a lot about woodworking, such as making complex joints and creating robust structures.
